

Neighborhood Meeting

September 8, 2021 at 5:30 pm via Zoom Video Conference Web Link

Please join Central States Tower, DISH Network Corporation and Verizon Wireless for a neighborhood meeting to learn about the proposal to construct a wireless communications facility at the property owned by the Robert S. Parnell Revocable Living Trust, 2861 Dellvue Drive, Fitchburg, WI 53711.

Wireless service needs are expanding rapidly, and the new facility will provide enhanced coverage for subscribers in this area of Fitchburg. This site will also afford enhanced E911 capabilities for the surrounding area and improved data and voice services. The installation has been designed to minimize the impact to the surround property character. The installation represents Central States Tower, DISH Network Corporation and Verizon Wireless' commitment to serving the Fitchburg community.

We'd like to invite you to a virtual meeting which you may attend via your computer, tablet, phone or other mobile device on September 8, 2021, at 5:30 pm. At this meeting we'll discuss plans for the communications facility. You'll be able to ask questions and discuss your thoughts with representatives of Central States Tower, DISH Network Corporation and Verizon Wireless. We will have renderings of the proposed installation available, so you'll be able to see the design of the proposed installation.

If you are interested in attending the meeting, please RSVP to Brenda Zak by email at brenda.zak@huschblackwell.com or by phone at 414-978-5407. Brenda will furnish you with a hyperlink for the meeting. You can click that link at the time of the meeting and join us virtually to hear the presentation surrounding the proposed facility and participate in the question and answer session surrounding the proposal.

Very Truly Yours,

Rod Carter

Counsel to Central States Tower, DISH Network Corporation and Verizon Wireless
